MAKING HISTORY

Windhover Center for the Performing Arts

May 22, 2021

A Note from the Director

Dear NRSB Family,
WE DID IT!

Looking back on the past year, I am filled with so many emotions. With all the unknowns, all the restrictions and guidelines, we were able to create an environment as close to "normal" as possible and keep our dancers growing, creating and, most importantly, safe. I am grateful for everyone who helped to make it happen. Teachers and staff, parents and family members, students, Zoom all contributed to this great success and to this amazing community that continues to grow.

I am overwhelmed with the love and support I have received from so many around me. With each twist and turn, a new challenge was presented and I was never left to figure it out on my own. Teachers stepped up beyond their duties, while the dancers helped guide me through making the best decisions possible. Their love, passion and commitment to dance and to NRSB was the fuel needed to continue the journey forward.

I am proud. I am proud of the community we are building. I am proud of where NRSB is going. Though I could have skipped over this pandemic altogether, I have learned more about what dance means to me and what I wish for my dancers. There is so much more to dance than steps and this year I have witnessed NRSB dancers of all ages express themselves through movement and art, come together to support and build up one another. They have taken advantage of an opportunity to grow and thrive through challenging times and it has been remarkable to witness. This is greater than any award we could receive.

Days like today can't go by without a list of thank yous! Thank you to the parents and families for your continued support, patience and flexibility throughout the year. Thank you to my amazing staff. You each offer something truly unique to NRSB and we are all lucky to have you. Thank you to Dan Mills for taking such beautiful photos of the dancers and coming in on short notice! Thank you to Aaron Raymond for bringing music to our stage. Thank you to Sheila Barrett for creating our video memories. Thank you to my family for everything you do behind the scenes and always supporting me. Thank you to Windhover for allowing us to perform in such a beautiful and magical place. I hope I am making Ina proud!

To my dancers, you all shine the brightest light out into the world. Keep doing what you love! I am so excited to see you dance your heart out on stage! See you soon so we can continue MAKING HISTORY!

Love, Happiness, and Health!

Congratulations to our Seniors!

Bella Ferranti is a graduate of Stoneham High School and plans to attend Ithaca College this fall as an occupational therapy major with double minors in deaf studies and dance. She has been dancing since the age of 4 and her favorite styles of dance are ballet and jazz.

Calista Daly has been dancing for 14 years and has spent 10 of those wonderful years at NRSB. She is graduating from North Reading High School and plans to go to Salem State University to major in history and minor in secondary education. Calista is beyond grateful for all of the memories she's made here and more importantly the bonds she has created. Her teachers have helped her grow into who she is today and she wouldn't know where she'd be without them. It is bittersweet leaving this year but she'll definitely be back to support and cheer on her dance family in the future.
